

## Construction At Barn Complete For Livestock Show

County Agents Predict Largest Southeastern Fair Show Here This Year

Pens and construction activities are nearly completed at the Mayo Pavilion in preparation for probably the largest Southeast Florida Livestock Show yet here Thursday and Friday.

FFA Clubs, Future Farmers of America and adult exhibitors will gather here from 11 South Florida counties to participate in the packed two-day program. (Complete program is printed on this page in a two-column spread.)

Local FFA boys will enter eight animals in the show, including a pen of three in the cow and calf event, three Brahman bulls, one crossbred heifer, and one Hereford. The members may enter a Santa Gertrudis, according to Prof. J. R. Davidson, instructor.

Although entries are coming in pretty steadily in the run-up to the last minute, according to H. L. Spear, assistant county agent. Deadline for entries is 9 Thursday morning at the barn. Entry blanks can be obtained from Spear's office in the Saunders Building and should be returned to that office by 5 p.m. Saturday.

Animals must remain on the show grounds until the end of the period at 6 p.m. Friday. Spear stated that health requirements of the State Livestock Sanitary Board must be complied with.

### DISTRICT MASTER VISITS LOCAL MASONIC LODGE

Honorable John R. Wells, District Deputy Grand Master of the 22nd Masonic District of Florida, made an official visit to the local lodge Tuesday night and spoke on the "Three Degrees in Masonry."

The visit was Wells' last here before the Grand Lodge convenes April 17 in Jacksonville. Local representatives planning to attend are: Charles Maynard, Worshipful Master, J. R. Cherry, Harry H. Lamb and Honorable H. L. Royals.

### FIRST AID COURSE TO START IN CITY HALL

A standard first aid course will begin in the city hall Tuesday and will continue thereafter every Tuesday and Thursday from 3 to 5 p.m. for the course duration.

The course will include the latest instruction on atomic bomb first aid under the direction of Mrs. Irvin Zump. The course is part of the Civil Defense Council's local program for preparedness. Goal of officials is to have 1,500 in the area qualified by first aid instruction.

### ELKS HAVE FISH FRY AND DANCE SATURDAY

Approximately 200 Elks, wives and friends gathered for a fish fry and dancing Saturday night at the local lodge hall, according to Secretary Fred Simmons.

### Shootin' Blanks

By Paullette

"The flowers appear on the earth; the time of the singing of birds is come," and the voice of the lark is heard in our land—the state legislature is in session again and that's not all. Not that our society is so fascinated that the legislature is on confined to a season, but that this is the time when politicians' fancies lightly turn to utterances and acts.

The crop of such activity is especially heavy lately and this week volume hit a peak with the Truman-McArthur and W. Sullivan subjects of conversation.

And according to a press release yesterday, the two are

### FIVE LOCAL MEN REPORT FOR INDUCTION MONDAY

Five local colored men reported for induction Monday to the induction center in Miami, according to an announcement by Mrs. Max Glenn, local draft board clerk.

Reporting were: Marvin De-cald Bolden, Bryant; Lewis Lee Loxey, Okechobee; Carl James Fields, Bean City; transfer; William Lewis, Jr., Belle Glade; and Booker T. Felder, Chosen.

## Spring Bean, Corn Deals Under Way

The spring bean and corn deals were well under way this week when 570 loads of produce left the area by rail.

The warmer nights this week aided corn maturity. Its development had been retarded by unseasonably chilly evenings. The market was steady on U.S. fancy bringing \$2 to \$2.25 according to size and grade. Lower grades brought \$1.50 and down. Quality and volume are increasing, and about 40 to 60 cars moved per day or three.

Within the next two or three weeks bulk of the spring bean loading will come. This week Valentines brought \$2 to \$2.10, Pentaflys, \$2.25 to \$2.30 and Tender Greens, \$2 to \$2.10.

Markets on escrow and chicory were slightly improved with chicory \$1.10 to \$1.50 and escrow \$3.85 up to \$1. Rainy sultry weather, however, is damping leafy produce causing it to slime and go to seed.

The celery volume was light and the market was fair. Both gold and pencil sold for \$1.75.

### MALAYAN AGRICULTURISTS INCLUDE GLADES IN TRIP AS EXCHANGE STUDENTS

Two Malayan agriculturists, Hajin Said and Salim Akib of the Malayan Agricultural Department, brought a real international air to Tom Bregger's program at Rotary Friday, when both gentlemen gave interesting talks on general information concerning their country.

The Malaya Peninsula or Straits Settlement, a subject topic of Great Britain, is composed of eleven states, with Singapore as its chief port. There are about 5,000,000 in population and only 212 million natives, with a couple million Chinese and half million English and mixtures.

The English rule does not seem to follow the natives, as it follows, according to them, the usual British colonial consideration—which isn't much for the colonists.

Both these gentlemen were high in their praise of the U. S. and its influence in the far east.

The designation Hajin before a name indicates that the bearer is a member of the Islamic religion, which is the desire of all good members of the Islam religion.

Rotary International, as an institution, did not suffer at all by the contact of these gentlemen with the local club, nor the club with them.

## Washington Has "Busted Its Britches" In The Minds Of The Average American

(Editor's Note: In what other country, except ours, could this be published with impunity? So much more the obligation to say it!)

It's sad that a military figure of such stature must have on his record "fired by the President," but MacArthur is a victim of the military system in which he was born, reared, schooled and practiced.

Not even "Black Jack" Pershing is known among military men as such a martinet as MacArthur—the regulations, morning, noon and night.

MacArthur violated the regulations, which are his religion, and he got caught for it; he was bitten by politics and was encouraged by partisan republicans—he spoke out loud, out of turn militarily, and he got what he would have given anyone under him for one-ten as much as he did.

That's an incident which will reverberate throughout the world, not because MacArthur was fired, because most people will admit he asked for it, but it climaxes the general public's doubtful feeling about Washington's overall ability to handle the present situation in our foreign policy.

Washington is to blame for allowing MacArthur to force them to fire him; Washington and the world loses when MacArthur's abilities are dispensed with.

Dilettante face-cuffed diplomats who shudder any time a British lesser official grows should be kicked out of the State Department. We've allowed the growing stomachs of Britain have supported financially their socialist labor government that's tottering as often as the sun rises and seemingly have let them dictate our foreign policy.

The average man let that pass until money-and autocratic Britain sticks her nose into our business, when our business is getting our own boys killed in Korea.

It's the grass roots boys in Korea getting given voice to their thinking—constructive thinking—for it's the grass roots parents who are furnishing a major portion of the cannon fodder.

Playing politics is a good old American custom, but parents don't like playing politics with their boys' lives—and that's what the American people are beginning to believe is being done in Washington.

Semper Fidelis—it's a question now of whom!

### 7 OF C IN CHARGE OF OPS FORM DISTRIBUTION

Copies of Office of Price Stabilization form No. Five for food retailers are available at the chamber of commerce office, according to Mrs. George Young, secretary.

Every food retailer is responsible for completing one of these forms and sending it in to the OPS office in Miami by the April 20 deadline.

According to I. L. Masters, District Price Executive, the office is without means to distribute the forms and asked the local chamber of commerce to be in charge of getting them to the merchants.

Merchants are asked to call for the forms. Mrs. Young says.

### B. G. DOCTORS ON HENDRY COUNTY HOSPITAL STAFF

Several Belle Glade doctors are members of the county staff of the new Hendry County Hospital in Clewiston which opened recently.

Dr. S. J. Simmons and Dr. W. J. White will practice in the new medical institution, and Dr. W. J. White will be available for colored emergencies.

The hospital has a 16 bed capacity present, but future plans call for increases to a 32 bed capacity and then to a 52 bed quota, according to A. A. Perez, hospital administrator.

"We are equipped to deal with emergencies promptly and efficiently," Perez says. "I feel that the community health staff will work hand in hand to make the hospital the best possible."

Young men going to camp this summer will get the same full time training and live the life of men in the Regular Army. They will not be raw recruits after the training period. It is important to young men these days to receive as much training as possible. In the Guard they will be prepared and trained for any emergency," Lt. Hooker says.

For further information, men should contact Sgt. Jack Rashley at the American Legion Hall any day between 8 a. m. and 5 p. m. Applicants under 18 must have the written consent of parents for enlistment.

### FORMER RESIDENT HERE DIES IN CLEWISTON

Mrs. Henry A. Stoltenberg, 66, former resident here, died in her home in Hallandale Tuesday afternoon. She was the wife of Mr. H. A. Stoltenberg, a former resident, now living in Clewiston.

Services were held at 3 yesterday in the Hollywood Mortuary.

Mrs. Stoltenberg was originally from Little Falls, Minn. She had been in ill health for the last two or three years. Other survivors are her husband, Henry A. Stoltenberg, Hollywood, Fla., two sisters and three brothers.

## City Planning Bd. Recommends More Business Area

Members Ask For Reopening Of Western Area City To Permit Business

The City Planning Board made way for growth of business in the city by a recommendation read before the city commission meeting Wed. night.

Members recommended that the western area across from the Indian Mound be rezoned from D residential to D business. The section is bounded on the north by N. W. Ave. E, on the south by W. Ave. A extended, on the west by N. W. 16th St. and on the east by a line running parallel to 16th and located 400 feet west of it.

In recommending the action, the board stated that property owners in the area favor it, that the state road will go through there, and that the city is losing the benefit of businesses located on the other side of the street outside of the city limits. Commissioners will consider the rezoning before passing the recommendation.

Amelia Houston appeared for the Negro Women's Business League asking that the group and the city reach an agreement on the proposed colored community club house which the building would house.

Attorney Herbert Beck was authorized to draw up a deed on the property and to notify city and league organizations on its completion that they may agree to the provisions within it and sign.

Commissioner Junius Harris announced that the city is approved by both parties the city provide in next year's budget for appropriating not less than \$2,000 for the construction of the building.

The commission approved an agreement with N. N. Starling who he rent his dragline machine and search for rock in the city on a weekly basis in extracting rock from the city pit. According to Harris, the street department in immediate need of rock fill for street construction and this arrangement will help it cheaply.

Harris stated that he had asked Paul Rardin, chairman of the county commission, for use of the county dragline here but had been refused.

Commissioners moved to buy \$150 membership in the County Resources Development Board and to contribute another \$100 within the next 30 days if finances permit.

The bill will apply for additional legislation from the state legislature now in session which will enable the municipal judge to issue subpoenas.

Ray Bailey's bid of \$60 per month for working the city scrap pile was accepted.

### PRAYER SERVICE TODAY FOR JOSEPH JONES

A prayer and song service will be held at the Community Church Sunday, April 15, from 3 to 5 p.m. Continuous entertainment is scheduled. Benefits will go to the Masonic Home for Orphans in St. Petersburg, Florida. The public is invited.

Burial services are to be this afternoon in the Croissant Park Christian Church, Ft. Lauderdale. The body will be taken from 9 a.m. this morning until the prayer service. In Leonard F. Vanderwater is rev. of services here.

Active pallbearers will be: Walter Thames, Dr. Roy A. Bair, Grant Averitt, T. C. Erwin, Ralph Kidder and Dr. Thomas Bregger. Belle Glade Honorary pallbearers are: Dr. R. V. Allison, F. D. Stevens, E. D. Humphries, John Randolph, and Gay Hopkins.

Jones, 45, died at the hospital following an extended period of illness with a heart condition. He is a native of Council Grove, Kansas, and came here about a year and a half ago.

He was employed as photographer at the Everglades Experiment Station and worked in the spectrograph laboratory.

Survivors include his wife, Elizabeth; parents, Mr. and Mrs. B. E. Fort Lauderdale, and two brothers, Jack, of Fort Lauderdale, and Ted, of Council Grove.

Berry Funeral Home is in charge of arrangements.

Taking top honors at the first local flower show here recently, Mrs. Ivan Van Horn is shown in the center with an arrangement which won the tri-colored award ribbon for being the most perfect arrangement in the show. It consisted of gladioli leaves, larkspur, pink begonia and pink ruffled petunias. Mrs. Van Horn also won the sweepstakes for achieving the most blue ribbon awards.

Other outstanding blue ribbon award arrangements are shown in the lower corners and were entered by Mrs. A. F. Henson, co-chairman of the show.

The lower left hand corner arrangement was made of umbrellia plant and double amaryllis and the right hand side one of sunsanvia leaves and blue blooms.

## Rardin Confused --Bolles Canal Present Subject

Board Doesn't Extend to Hendry Line and RDB Wants to Continue It

The chairman of the County Commission, Paul Rardin, who assiduously represents his home community as County Commissioner, with fleeting considerations for other parts of his district has again become confused in his publicity-seeking inclinations.

The erst-while and would-be legislator correctly remembers that a road was designated along the Bolles Canal from the Miami Canal eastward.

Mr. Rardin proudly remembers that our end of the district which he represents has received aid from the seventh cent gas tax set-up on one and two-tenths mill which he admits the County Commissioners designate to the State Road Department.

Mr. Rardin didn't choose to remember that he allowed the County Commission to talk him out of about \$400,000 we won by the sweepstakes which he admits the County Commissioners designate to the State Road Department.

Mr. Rardin knows, we are aware, if he will in his fleeting consideration of the balance of the Glades area, realize that State Road No. 827 does not extend to the Hendry County line along the Bolles right-of-way. That is the part the RDB asked the Delegation to designate during the present legislature so that it would connect up with Hendry County's road.

Paul, your district extends farther than the Point and the Pahokee Airport, which you had built and otherwise designated, and we feel we deserve more. Rardin didn't choose to remember that he allowed the County Commission to talk him out of about \$400,000 we won by the sweepstakes which he admits the County Commissioners designate to the State Road Department.

These are disturbed times in the public's mind and it doesn't particularly like autocratic publicity-seeking elected officials—better start mending your fences Paul, it's another election coming up!

### EX. STATION PROGRAM TO DISCUSS CATTLE SHOW

### PTA Members Hear Guidance Counselor, Mrs. N. Warren

Mrs. Norma Warren, guidance counselor from Lakeland High School, (one of the few guidance counselors in our state) was the speaker at the Monday night meeting of the Parent-Teachers Association. She was introduced by Mrs. R. V. Allison, high school service chairman who was presented by program chairman, Mrs. E. M. Lively.

Mrs. Warren told of spending the day Monday in the schools observing the guidance program here. Her main suggestion was the need of more time for counseling. "Constituting a 3-A program for developing good personalities in children as applying to teachers are 'Acceptance, Approval, and Affection,'" she said.

Mrs. L. P. Parson presided at the business meeting. She announced a study course to be held at the school April 17 which will be a panel discussion on the Minimum Foundation Program with parents and five children participating. The public is invited.

She also announced the National PTA Convention to be held in Miami May 20-23, at which the PTA's of Florida will be hostesses. Belle Glade has been asked to furnish enough vegetables to feed 1,200 people, she said.

State officers presented by nominating committee chairman, Mrs. Frank H. Hays, were elected as follows: President, Mrs. Milton Barry; First vice-president, Mrs. E. M. Lively; Second vice-president, Mrs. Guy D. Woods, Jr.; Secretary, Mrs. W. T. Simmons; Treasurer, Mrs. J. A. Pike; parliamentary, Mrs. W. B. Sanford; historian, Mrs. V. A. Boots; delegate-at-large, Mrs. L. P. Parson.

**SHOOTIN' BLANKS** (Continued from Page 1) even being put together on occasions. It stated that the gag on Capitol Hill Wednesday was: "Someone would say, 'I hear Truman ousted MacArthur.'"

The answer would be: "Tell him not to worry. Gov. Warren will reinstate him."

And so conversation has raged for the last two days. At first it looked as though the Warren "out agit" in agency routine would hold the limelight for a considerable period. But it got the quick skids when Truman pulled a vice versa deal.

Between the two events, people have had plenty to get their teeth into on discuss. Public opinion has shattered fifty ways to a but a guy named Alfred Austin even took the trouble way back in 1887 to put in its proper niche for us.

"Public opinion is no more than this: what people think that other people think."

There was much ado about digging in local legislative circles the city commission—Wednesday night.

Water Commissioner W. L. Collins reported that a man had demonstrated a ditch digging apparatus and that it was a thing of wonder. Commissioner Walter Ashley chimed in, extolling the marvels of this product of the machine age.

According to their testimonies, it dug 400 feet of the prettiest little ditches in only 45 minutes. But alas, the department does not buy the miraculous machine due to lack of finances, but it makes one wonder, how much dirt can a ditch digger dig?

Florida's State Park System preserves the tropic lure of primitive Florida.

### FFA BOYS TO ATTEND SUBDISTRICT MEETING

The local Future Farmers of America will be represented at the subdistrict meeting April 27 in Ft. Myers, according to instructor Prof. J. R. Davidson.

They will participate in the following program events: string band, soft ball, harmonica contest, parliamentary procedure contest, horse shoe competition, and quartet contest.

The group will enter eight animals in the Third Southeastern Florida Livestock Show here in the Mayo Pavilion Thursday and Friday.

Reporting on the program for the year, Davidson says that 89 boys are enrolled in the FFA. Projects include: 174 beef and dairy cattle, 35 hogs, 34 acres of beans, two and one eighth acres of garden, 20 acres of sweet corn, 15 acres of peas, four acres of greens, one and a half acres of okra, five and a half acres of cabbage, eight acres of tomatoes, one fourth acre of strawberries, 15 orchard plants and 1189 chickens.

**RDB DRIVE HERE WORKS TOWARD \$4,000 GOAL**

Emmett Roberts, Resources and Development Board director of the city, urges all local merchants to cooperate and support the current county trade body's drive which started Tuesday in this area.

The drive will continue until Belle Glade's quota of \$4,000 is reached, Roberts says. Tentative deadline is set April 26, date of the next organization's monthly meeting.

Contributions should be mailed to Emmett Roberts or to the RDB office in West Palm Beach.

Charles Fontaine is drive contact man and is conducting a community canvass.

Roberts emphasizes tangible benefits which the Glades received from the RDB program in the past and points out that in comparison to the remainder of the county it has probably gotten more assistance than any other community.

Legislative, promotional, and informational projects.

**WALLING SERVICES HELD IN BERRY CHAPEL THURS.**

Funeral services for James Harry Walling, 58, were held yesterday at 2 p. m. at the Berry Chapel with Rev. Leonard F. Vandewater officiating. Burial took place in Fort Mayaca Cemetery.

Resident of 20 years here, Walling died in the Belle Glade Hospital Tuesday morning.

He is survived by his wife, Adelia; a son, Rex; and a daughter, Mrs. Hallie Jones of Midland, Texas; five brothers, three sisters and six grandchildren.

At the service pallbearers were Theodore Aubrey, nephew of James, George P. Abowd, J. M. Taylor and Dick Cherry, Belle Glade.

**FIRE CONTROL BOARD MEETS HERE WEDNESDAY**

Board of Commissioners of the Everglades Fire Control District met Wednesday morning in the Saunders Building office here.

They discussed matters pertaining to equipment and more efficient operation. It was also noted that the Fire Control will participate in the civil defense program in the area it covers.

Guy J. Bender, head of the district, reported on the regional meeting in Atlanta and state meetings in Jacksonville and Orlando.

### CLOSE NOMINATED PRES. OF LIONS CLUB WED.

Herman Close leads the Lions Club nomination slate as president. It was drawn up at the organization's regular luncheon meeting Wednesday.

Other nominations were: W. A. Wooten, Jr., first vice-president; Bob Muller, second vice-president; V. A. Boots, third vice-president; P. C. Schoenfeld, secretary; Jim Wierengo, treasurer; R. T. Bell, Ed Lively and Jack Royals, all stewards; Bob Murray, Lion tamer, and Cliff Livingston and Abe Bresslar, two year director.

The general discussion committee reported on means of more effectively advertising Florida at Lions International conventions.

### BICYCLISTS MUST LEARN STATE TRAFFIC LAWS

Director H. N. Kirchman of the Florida Highway Patrol today suggested that young bicycle riders learn the state traffic laws in order that they

will know how to be careful on the streets and highways when they are old enough to drive a motor vehicle.

"Youthful bicycle riders are old enough to understand traffic safety, and now is a good time to learn the traffic laws," Kirchman commented.

"Bicycles should not be used as playthings on the streets and highways," the Patrol Director asserted. He declared that playgrounds are usually provided for young bicyclists.

"When the bicycle rider rides along the roadway," Kirchman continued, "He should observe all the rules of traffic safety."

WISH WE'D STAYED SOUTH LONGER

Enjoy the Spring Months in FLORIDA

Why return North to uncertain weather—mud, slush and possibly a case of flu—just because the calendar says it's spring.

In Florida you can depend upon the spring months being the most delightful of the year—warm sunny days, fragrant flowers, and temperatures just right for comfort. Golf, bathing, sunbathing, fishing and other outdoor diversions are then at their best.

As far travel facilities, you do not need to hasten your departure on that account. Finely equipped trains to both the East and Mid West are available over the Florida East Coast Railway throughout the spring and summer. In fact, later in the season you will find trains less crowded, accommodations easier to secure.

So plan to stay longer this year in Florida, and wait until it is really spring in the North.

Helping the Nation get things done for 75 years

near is the telephone's seventy-fifth and busiest birthday. It began as a line between two rooms in a Boston office in 1876 has developed, in one lifetime, into a Long Distance network that covers the Nation—and extends to most of the world's telephones. This great system has grown in answer to the needs of a people. And it's a good thing it has. In these threatening times, the Long Distance lines that bind this country together are more vital than ever. For today they are helping to speed production and guard the Nation's security—jobs that call for nothing less than the best telephone service in the world.—Southern Bell Telephone and Telegraph Company.

To help speed your Long Distance call, please give the operator the out-of-town telephone number. Telephone lines are busy with national defense.

PTA APPOINTMENT OFFICERS STATE COMMITTEE MON.

The South Bay Parent Teacher Association met Monday evening at the school auditorium. Mrs. J. A. Henderson presiding. A nominating committee consisting of Frank B. Willis, Charles E. Crichtfield and Calvin J. Peacock was appointed to present a slate of officers for election at the May meeting.

Miss Leslie Martin's third and fourth grade home room won the attendance prize for the month.

Principal Peacock pointed out that the water cooler needed some repairs and he was instructed to requisition the school board for this service.

The meeting was turned over to the program chairman Terry L. Driggers who introduced County Commissioner Paul Rardin of Canal Point as the speaker of the evening. Commissioner Rardin made a report on work being accomplished over the county and gave a resume of contemplated projects, among which are a new highway bridge at South Bay and the establishment of a county recreation park here as soon as a suitable location can be secured.

A colored sextette sang a group of negro spirituals.

A social hour followed the program during which cake, coffee and cokes were served by the hostess committee.

### FLOWER GROWERS SHOW WORK AT S. BAY EXHIBIT

The South Bay Flower Show sponsored by the Second Grade, their teacher, Mrs. Olga Hardy, and class mothers was staged in one of the class rooms of the school on Thursday. It was well attended both in the afternoon and at the evening show.

The theme, "Flowers for Beauty, both Indoors and Out" was skillfully carried out in the flower displays and decorations as well as in the evening program.

An educational wild plant exhibit featuring wild orchids and other plant life from glades and swamps was an interesting feature.

A table of small potted plants for sale at 10 cents each netted \$11.00 which defrayed all expenses, according to Mrs. Frank B. Willis, general chairman of the show.

Cuttings of crocuses and other ornamentals were given as favors to all visitors.

During evening show a short program was presented by the children of the second grade and the glee club under direction of Miss Marian Naparjan.

The program opened with a Bible reading by Sharon Prevatt, followed by a prayer by Mrs. J. N. Purcell, the salute to the Flag, assembly singing of "America" and greetings from Principal Calvin J. Peacock.

The stage was decorated to represent a flower garden and the various parts of the program carried out the theme of the show. The second grade were presented in six numbers: "Spring," "Dear Little Violet," "Down in the Garden," "The Echo," and "There Was a Crooked Man."

The Glee Club then sang several numbers: "Tis Springtime," an Alpine Folk Song; "Night, engle," a German Folk Song; "Tell Me Why," "Sleep Song," "Up in the Sky," Mexican Folk Song; "Tenting Tonight," American; "The Ash Grove," a Welsh Air.

The program closed with a message from the Flower Show chairman, Mrs. F. B. Willis and assembly singing of the Florida Song.

Guests were then taken on a tour of the flower exhibits. Punch was served by the hostesses, Mrs. Frank Prevatt, Mrs. Marion Spooner and Mrs. Floyd Wilder who took turns presiding at the punch bowl.

Other chairmen were Mrs. Fred Cato, publicity, Mrs. Jay Smith, staging and properties.

FLORIDA NATIONAL BANK at Belle Glade PRESENTS INTERESTING FACTS ABOUT FLORIDA

FOOTBALL The favorite sport of practically all Floridians is football. The teams of University of Miami, Tampa, and the University of Florida are always considered serious opposition by their opponents. The annual Orange Bowl game at Miami and the Gator Bowl game at Jacksonville attract visitors from all over the Nation.

Never before have our banking facilities been more important to the individual as well as to the public. We are trying to do our part. Serve and succeed.
